HOW TO MANAGE YOUR DASHBOARD

Once you have logged into the B CONNECTED portal you will land on your Dashboard. On the top right hand side of the page you will see which account you are logged in with. For customers with several accounts, please make sure that this is displaying the correct account before proceeding. If you have several accounts you can also toggle between them using the dropdown tool.

The quick overview section at the top of the page provides an overview of your orders.

Active	Not yet departed	In transit	Arriving today	Watchlist

- **ACTIVE ORDERS:** Open orders that are not in a delivered or POD status.
- **NOT YET DEPARTED:** New jobs which are yet to be collected by one of our team.
- **ARRIVING TODAY:** All orders with the expected delivery date as the current date.
- **WATCHLIST:** View all your highlighted or urgent orders and track these with ease.

If you click on any one of these headings (huds), the data in the table below the map will filter to show only orders associated with the titles.

Once you click on each of the headings (huds), you will see the map will change also. The map provides a quick visual on where your orders are in the country.

- **NETWORK HEALTH:** We will be informing you of any issues that we are facing due to weather conditions, road closures and accidents. This means that delivery may be impacted in this area.

The map view can be turned on and off depending on your preference.

You can use the tick boxes and dropdowns on the display panel to refine your quick overview panel to show more specific data.
