BOOTH'S
LOGISTICS

CAN DO. WILL DO.

FLEXIBLE SOLUTIONS FOR OVERSIZED AND SPECIALISED FREIGHT

Booth's Logistics offer reliable nationwide flat deck transport services designed to move oversized, heavy, and specialist freight safely and efficiently.

With a modern fleet, experienced drivers, and nationwide coverage, we have the capability to transport loads of all shapes and sizes.

Whether it's construction materials, steel, machinery, cabins, or seasonal produce, our flat deck division provides flexible solutions tailored to your transport needs.

BUILT FOR COMPLEX FREIGHT

Our dedicated flat deck team specialises in transporting freight that requires extra care, planning, and expertise. Using forklifts or cranes, we can safely load and unload a wide range of goods while ensuring proper load restraint and compliance.

From short regional movements to nationwide and inter-island transport, we deliver reliable door-to-door freight solutions across New Zealand.

WHY CHOOSE BOOTH'S FLAT DECK DIVISION?

- Nationwide transport network
- Modern specialised flat deck fleet
- Experienced drivers and operators
- Safe and compliant load restraint practices
- Door-to-door and interisland freight options
- Flexible solutions for oversized freight
- Can Do. Will Do.

OUR FLEET & CAPABILITIES

Our specialised flat deck fleet is built to handle a wide variety of freight requirements

- Lightweight flat deck trailers (14m and 15.7m)
- Extendable trombone trailers (15.1m–23m)
- Freight up to 29 metres in length
- Payload capacity up to 34 tonnes on specific vehicles
- Standard loads up to 18m without pilot vehicles
- Trombone loads up to 20m without pilot vehicles
- Over-dimension loads including width and length
- Pilot vehicle coordination when required
- HPMV units for heavy freight such as generators or construction materials
- Vehicle/machinery transport available from June via transporter b-train units
- Bulk product transport available via drop sider truck and trailer units
- Various combinations available to suit load requirements: 40/20 B-trains, truck and trailer, as well as quad semis

INDUSTRIES WE SUPPORT

Booth's flat deck transport services support a wide range of industries including:

- Construction and infrastructure
- Forestry and timber
- Manufacturing
- Agriculture and horticulture
- Machinery and equipment transport

Our team is experienced in securing freight correctly to ensure goods arrive safely and without damage.

Their coordination is great, things that require particular loading and careful tying down, the Booth's guys have been outstanding with, and we haven't had any issues. They're always there, always keen to go, and love to have a good chat.

They value our work, always giving it the extra attention that it needs. They can get us 13 – 14 trucks dedicated to a shift which means we don't have to worry about multiple subcontractors.

They're our one stop shop for flat deck services who are able to get the best utilisation of our counterweight and boom sections on the road whilst minimising unnecessary truckloads.

Robb Wilson, Titan Cranes

NATIONWIDE CAPABILITY WITH REGIONAL REACH AND LOCAL CARE

**Our capabilities to deliver nationwide,
and to resource up and down, are a given.**

It's our personality and ability to step
up to any challenge that sets us apart.

**Where others say no,
we say leave it with us.**

20+ branches to our family tree

You'll find our support office in
Palmerston North along with 20+
warehousing and distribution
centres nationwide.
